ACCESSORIES

FRONT WEIGHT KIT

72406500 For use on Ariens® 932, 924, 926 and 921 Series Sno-Thro® models (except for 20" housings)

Adds 10 lbs. to the front of your Sno-Thro to equalize weight distribution and holds the scraper blade closer to the ground.

- Enhances balance and adds extra weight to get a cleaner surface while throwing snow
- Enhances operator comfort

NON-ABRASIVE SKID SHOE KIT

72600300 For use on Ariens® Sno-Thro® models

This innovation protects the decorative surfaces around the outside of your home when using your Ariens Sno-Thro.

- Durable polyethylene material resists wear while providing protection from scratching and marring the decorative surfaces surrounding your home
- Two skid shoes and the hardware needed to install the kit are included

CLEAN-OUT KIT

72407100 For use on Ariens® 2-Stage Sno-Thro® models

Allows you to easily and safely remove snow and ice from the discharge chute and impeller.

- Long reach and durable construction keeps hands away while cleaning the most tightly packed snow
- Contoured handle prevents hands in gloves or mittens from losing their grip
- Mounting bracket and hardware are included for easy installation

CLEAN-OUT KIT WITH BRUSH

72408100 For use on Ariens® 2-Stage Sno-Thro® models

This convenient tool is a shovel, a scraper and a brush all in one making it easy to remove build up on your Ariens Sno-Thro from a variety of winter conditions.

- Brush feature allows user to clean off snow from outside of the Sno-Thro after use without damaging finish
- Includes scraper bar for chipping and scraping ice easily
- Provides tool to safely remove snow and ice from the discharge chute and impeller
- Comes complete with mounting bracket and hardware for easy installation if your Sno-Thro is not currently equipped with one
- Can be mounted to most other manufacturer's snow throwers as an enhancement

ACCESSORIES

TRACK DRIVE CONVERSION KIT

72600500 For use on Ariens® 926 Series Sno-Thro® models

Convert your Ariens Sno-Thro into a Track Drive unit. This innovative positive-traction system design gives you undefeatable power and traction and smooth maneuverability.

- Perfect for use on slopes and intense winter conditions.

ARIENS SNO-THRO® COVER

73203600 Compact and Single Stage – For use on Ariens® Compact & Single Stage units with housings 26" or smaller.

72600200 Deluxe and Professional – For use on Ariens® Professional & Deluxe units with housings 26" or larger.

Waterproof, washable and tear-resistant, this Ariens-branded cover protects your Sno-Thro when it is not in use.

- Fabric has a canvas feel and is made of rugged 600 denier polyester with urethane backing
- Two fully adjustable 1" polyester straps with a quick-release buckle
- Large vent to encourage air flow and prevent moisture build-up

CHUTE CRANK KIT

73203200 For use on Ariens® 932040, 932043, 932048, 932140

73900100 For use on Ariens® 939001, 939002

73800300 For use on Ariens 938010, 938015, 938016, 938019, 938305, 938400

For manual handle chute rotation Sno-thro models. This kit will convert this type of chute rotation into a crank style rotation.

- Places discharged snow with pinpoint accuracy
- Chute rotates 220° from the operator position

ELECTRIC START KIT

72403600 For use on Ariens® Sno-Thro® models with a 4 Cycle 8 to 11.5 HP Tecumseh® Engine

72200600 For use on Ariens® Sno-Thro® models with a 4 Cycle 5 to 7.5 HP Tecumseh® Engine

73800100 For use on Ariens® Sno-Thro® models with a 2 Cycle Tecumseh® Engine

Makes it easy for family members to help clear snow by having your Sno-Thro start with the push of a button instead of the pull of a recoil rope.

- Turn over the engine in even the coldest conditions when oil is thick and carburetors are temperamental
- Provides years of reliable and easy engine starting

ACCESSORIES

DRIFT CUTTER KITS

73203100 For use on Ariens® 920, 924, 932 & 939 Series Sno-Thro® models

72406900 For use on Ariens® 921 & 926 Series Sno-Thro® models

Help your Sno-Thro tackle drifting and packed snow. Extend the bars to cut drifts and direct snow into the auger. Rotate the bars down and out of the way for regular use.

- Wing knobs and integrated design allow you to install the bars yourself and adjust them without the use of tools
- Extends the reach of your Sno-Thro to cut the toughest snow down to size
- Directs snow drifts into the auger housing for quick discharge

ARIENS® BRANDED SNO-THRO® CAB

72408000 For use on all 2-Stage Ariens Sno-Thro models

Extra roomy, rugged powder coated steel frame Deluxe Sno-Thro Cab protects against heavy snow, wind and snow blow back.

- Fast installation, no drilling and installs with hand tools
- Zip-open front fits over crank handles
- Freeze-resistant super clear windows
- Cab does not require weight kit

PROTECTIVE FLOOR MAT

70706700 For use with most Ariens® Sno-Thro® models

Designed to provide a protective layer between your Sno-Thro and flooring surface during storage.

- Durable rubber mat is made out of textured recycled materials and has a raised edge to keep melting snow contained, preventing a hazardous, slippery floor
- Floor surface is protected from gas, oil, rust spots and scratches
- Mat is nine square feet, making it suitable for most Sno-Thro models

HANDWARMER ACCESSORY KIT

72100800 For use on 921 Series Deluxe Ariens Sno-Thro models except 921011 and 921014

Allows the operator to keep their hands warm on cold winter days with built-in heated handle grips.

- Keep warm on the coldest days
- This low cost upgrade can help make the decision on unit purchase

ACCESSORIES

BRIGGS & STRATTON® ENGINE MAINTENANCE KIT

72100700 For use on all Ariens® Sno-Thro® models with Briggs & Stratton® OHV Engines

EACH KIT INCLUDES:

- Ariens 32oz. 5W30 engine oil – specifically designed for hard working, air-cooled engines used in cold climates
- Spark Plug – equivalent of a Champion QCIZYC
- Ultra-Fresh® Fuel Stabilizer – safe, non-toxic granular formula keeps gasoline fresh
- Spare ignition key – Push/Pull key for Briggs & Stratton® OHV engines
