

**MAINTENANCE INSTRUCTIONS FOR
Z SERIES BASINS**

.....

Please inspect all parts carefully **after** you purchase and **before** installation.

- 1) Wipe basin **after** installation and **before** its first use.
- 2) To remove spots, streaking or stains use, Bar Keepers Friend, with just a sponge and water.
- 3) Stubborn spots, streaks or stains can be cleaned with any metal polish.
- 4) To remove scratches or renew to original factory finish, use 0000 steel wool on a dry sink.

PRODUCT AWARENESS

Z Metal is real metal solid surface and must be treated and cleaned like, "real metal". Unlike plated basins, these are solid basins and will easily take heavy wear and tear. The finish can always be returned to factory specs.

To keep your basins beautiful: **KEEP THEM CLEAN AND DRY.**

IMPORTANT

It is the responsibility of the customer, plumber or contractor to check for defects before installation. Bates and Bates does not guarantee our Z Metal to match any other manufacturers finishes.
