# ProPuck Xenon

6W 120V LED
Integrated / Linkable

PP-4WLED Series

Xenon system, 120 Volt

No transformer required

- 20 Watt / 120 Volt Xenon lamp, (7,000 hour rated)
- Xenon models may link up to 50 units
- Dimmable with standard incandescent dimmer.
- Included lens: Metal honeycomb. Additional accessory lenses available.
- UL listed for portable & hardwire applications and as a wiring compartment; cUL when used with cUL strain relief
- Surface or recessed mount – not for recessed installation in ceilings or walls
- Complete with lamp, flange and clips for recessing, screws for surface mount and mini strain reliefs
- Dimmable with standard incandescent dimmer

Finishes

- Black (BK), Bronze (BZ), Satin Aluminum (SA) and White (WT)

Body

- Die cast aluminum construction for durability and excellent heat dissipation
- Hardwire knockouts on sides and back. Additional MC connectors available.
- Internal terminal block included, no wire nuts or connectors needed
- Integral mounting standoffs create an air-gap between fixture and mounting surface, minimizing heat transfer in surface mount applications.
- Multiple US patents pending

Photometrics

- See www.csllighting.com for current photometric data
