BAY BRIDGE™

COLORBODY™ PORCELAIN

floor • wall • countertop

*Connecting Contemporary
Style with Ultimate
Durability.*

If you're looking for a contemporary tile that offers unique visual appeal and top notch durability, Bay Bridge™ is the perfect selection. Bridging the gap between modern and rustic style, Bay Bridge™, fuses the beauty of natural wood with the modernity of fabric and concrete to create a unique and contemporary new look. Its durable designs mimic the natural and irregular patterns of wood grain, fabric weaves and stained concrete. Specifically intended for high-traffic areas, as opposed to natural wood, cloth, and even concrete, this style withstands high-moisture too. Finished with a reflective glaze, these fresh interpretations come in variety of contemporary colors to complement your space.

*Mixed-Medium
Contemporary Visual*

- Modern interpretation of the natural tone and complexion of wood, textured fabric and concrete.

Unique Surface

- Reflective elements add depth and dimension to the textured surface.

Trendy Colors & Sizes

- Popular plank size available for unique designs.
- Four warm colors with wide pattern variation for added style

Durable & High-Traffic Friendly

- Perfect for high-volume traffic areas and most exterior spaces.

Suitable for exterior patios (excluding pool decks) and walls in freezing and non-freezing climates when proper installation methods are followed.

Cove base and outcorners are clay body ceramic and recommended for exterior application in non-freezing climates only.

NOTES

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the surface. Use of a latex modified thin-set is recommended for installation.

Special care needs to be given when installing tiles 20" and larger. Please refer to www.daltileproducts.com/LargeTiles for information.

Strong random shading enhances the natural beauty of this product. To achieve optimal results, tile should be selected from multiple cartons and shading arrangement planned prior to installation.

Since there are variations in all fired ceramic products, tile and trim supplied for your particular installation may not match these samples. Final color selection should be made from actual tiles and trim and not from tile and trim samples or color reproductions. Manufactured in accordance with ANSI A137.1 standards.

For additional information, refer to "Factors to Consider" at www.daltile.com/CommercialFactors.

Water, oil, grease, etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection. Not for use on ramps.

TRIM

TYPE	NUMBER	SIZE	PCS. PER CARTON
 Floor Bullnose ▲*	S-43C9	3 x 12	30
 Cove Base *	S-36C9T	6 x 12	22
 Cove Outcorner *	SC-36C9T	1 x 6	15

▲Graphic runs vertically

*Cove Base and Floor Bullnose trim is intended to coordinate with floor field tile in the standard 90-degree installation position.

SHADE VARIATION

INSTALLATION

THICKNESS	GROUT JOINT RECOMMENDATION
3/8" Field Tile	1/8" (3/16" when rectangular sizes are used in a staggered brick-joint pattern, where the overlap does not exceed 33%)
5/16" Cove Base & Outcorner	

DYNAMIC C.O.F. (WET) : 2

The higher the rating, the higher the slip resistance.

1 < 0.42

2 ≥ 0.42

STATIC C.O.F. (WET) : 2

1 0.50 - 0.59

2 ≥ 0.60

TEST RESULTS

	ASTM#	RESULT
Water Absorption	C373	< 0.5%
Breaking Strength	C648	> 275 lbs
Scratch Hardness	MOHS	8.0
Chemical Resistance	C650	Resistant
Dynamic C.O.F.	A137.1	Wet: ≥ 0.42
Static C.O.F.	C1028	Wet: ≥ 0.60 Dry: ≥ 0.70
Abrasion Resistance	C1027	N/A

Dynamic C.O.F. (Wet) value as measured by the DCOF AcuTestSM helps to assess a product's suitability for a commercial environment. For more information, visit our website at www.daltile.com/DCOF.
