Safety Guidelines

Read this manual carefully for guidance on the assembly and use of this product.

DANGER

Indicates a potentially hazardous situation which, if not avoided, WILL result in serious injury or death.

CAUTION

Indicates a potentially hazardous situation which, if not avoided, MAY cause moderate injury or damage to the equipment.

WARNING

Indicates a potentially hazardous situation, if not avoided, COULD result in serious injury or death.

NOTICE:

Indicated important information that if not followed, may cause damage to the equipment.

DANGER

1

Risk of Fire. There is always a risk of fire when working with a heater. Keep heater a minimum of 25 ft. away from flammable liquids and materials.

2. **Risk of Fire.** If the unit falls on the ground, it may start a fire. Ensure that the heater is stable and is placed on a level surface. Follow the above instructions and keep this unit at least 3 feet clear from any objects

3. **Hot or Burn Hazard.** This unit may be extremely hot while in use. Always be careful when handling this unit, especially around the head of the unit.

4. **Electrical Hazard.** Disconnect from electrical outlet before working on the unit to avoid chance of electrical shock.

5. **Electric Shock.** Do not use near water. Do not use if cord has been damaged.

CAUTION

- Improper treatment of the heater can damage it and also shorten its life span.
- To prevent electrical shock, ensure electrical plug is properly inserted into the electrical outlet.

Overview

The Patio Heater

Head/Heating Unit -120 Volt (AC)/1500 Watt electric heater with rotating head and safety grill.

Bottom Post - supports the heater. Electrical cord runs inside this pole.

Head Post — Connect head unit and base

Base/Wheels - support the unit. Wheels on the back of the base allow for easy maneuvering and moving.

IMPORTANT INSTRUCTIONS

1. Read all instructions before using this heater.
2. This head (heating element) will get very hot while in use. To avoid burning, do not let bare skin touch the hot surfaces. Keep flammable materials, such as furniture, pillows, bedding, papers cloths, and curtains at least 3 feet from the heater.
3. **DO NOT LEAVE** the heater unattended. Extreme caution is necessary when heater is used near, children or disabled persons.
4. Always unplug heater when not in use.
5. Do not operate heater with a damaged cord or plug. If the heater malfunctions, or has been dropped or damaged in any manner, return heater to authorized service facility for repairs.
6. Heater can be used indoors or outdoors, but must be operated at least 3 feet from people or objects.
7. Never operate heater near water or where it can be knocked over.
8. Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Arrange cord away from traffic area and where it will not be tripped over.
9. Connect to properly grounded outlets only.
10. Do not use near flammable materials. Do not use it in areas where gasoline, paint, or flammable liquids are used or stored.
11. Use this heater only as described in this manual. Any other use not recommended by the manufacturer may cause fire, electrical shock, or injury to persons.
12. Avoid the use of an extension cord because the extension cord may overheat and cause a risk of fire. However, if you have to use an extension cord, use either a 12 or 14 gauge cord which is rated not less than 1900 watts. The recommended length for a 14 gauge cord is 0-50 feet, but if a longer cord is required use a 12 gauge longer than 100 feet.
13. Only one infrared heater is suggested per household. Special wiring required if more than one heater is operated.
14. **SAVE THESE INSTRUCTIONS** for future reference.

Assembly – Head Unit (Heating Element)

1. After taking the unit out of the box, affix tilt switch to bracket (diagram, reference 1).
2. Attach bracket with tilt switch to heating unit (diagram ref. 2).
3. Place head post to bracket (diagram ref. 3), keep pulling the cord in the through the post.
4. Next place the head of the unit on to the head post. Keep pulling the cord through the bottom of the head post, (diagram ref. 4).

Assembly

1. Take the head post and place the cord down the center of it and into the top of the center post and through the bottom of the center post and into the bottom post.

2. Slide the cord all the way down to the bottom of the bottom post and pull it out the hole on the side of the bottom post.

Assembly *(continued)*

3. Next place the head of the unit on to the head post. Keep pulling the cord through the bottom to keep it from getting in the way. Use four screws to concent one post to another.

4. Pick up the body now with the head on it and stand it in the base. circumgyrate the bottom post until the screw into the hole of the base.

5. Plug it in and enjoy!

Operations

12.5amps

120 volts

1500 watts

Grounding Instructions

The infrared electric patio heater comes equipped with a cord with an appropriate plug. The plug must be used with an outlet that has been installed and grounded in accordance with all local codes and ordinances. Make sure that the infrared electric patio heater is connected to an outlet having the same configuration as the plug (see illustration). Do not use an adapter with this product. Check with a licensed electrician if the grounding instructions are not understood completely or if the wall outlet does not match the plug.

Heating Tube: Installation/Replacement

1. Remove power cord from power socket, make sure heater has no power connection.
2. Use screw driver to take off side covers (shown in diagram ref. 2).
3. Remove panels and grill protector (diagram, ref. 3).
4. Remove tube from both terminals (on either side) (diagram, ref. 4).
5. Insert new tube into clipper and plug in both terminals. Make sure there are no metal parts around or touching the heating tube.
6. Turn power on to check the newly placed heating tube. Turn power off, make sure heating head is not hot. Then put back grill and both panels, screwing on both side covers.
7. Store in a safe place where the unit won't get damaged or broken.

Trouble Shooting

Problem	Solution
Unit fails to turn on.	Check electrical plug connection at wall outlet for complete, snug fit. Check GFI circuit, reset breaker if necessary Possibly connected to wall switch that is in off position Damaged halogen lamp, call customer service hotline
Head unit is loose or unsteady Head unit is hard to adjust	Reset safety "tilt switch" shut off mechanism. Unplug unit from wall outlet, re-position unit on level surface and plug in again. Tighten screws on curved upper arm mounting bracket Loosen connecting bolts/nuts at adjustment bracket
Smoke appears from head unit	Unplug IMMEDIATELY & call customer service hotline
Weak light output from halogen lamp	Life span of lamp has been reached or damaged lamp Call customer service hotline for assistance.

1 YEAR LIMITED WARRANTY – Customers in the Continental US

All components are warranted for a period of 1 year after date of purchase by the original owner against defects in materials and workmanship under normal use. This warranty does NOT cover normal wear and weathering, assembly and/or maintenance OR use in a commercial application. At Well Traveled Living's sole discretion, products under warranty will be repaired and/or replaced at no charge to the customer. Any returns sent back to Well Traveled Living must be sent via prepaid freight and in the original retail packaging.

For warranty service contact Well Traveled Living at the address, phone numbers or internet site and email listed in this owner's manual. Be sure to have your sales receipt, date of purchase and catalogue/model numbers available when calling. All warranty service will be coordinated by the Well Traveled Living's, Amelia Island, Florida service center.

This warranty is extended only to the original purchaser. Proof of purchase will be required before warranty service is rendered. The sales receipt is the only valid proof of purchase. This warranty only covers failures due to defects in materials or workmanship which occur during normal use. Failures and/or damage which result from accident, negligence, misuse, abuse, neglect, mishandling, alteration or modification, failure to maintain, improper assembly or maintenance, service by unauthorized agency or use of unauthorized components or damage that is attributable to acts of God are NOT covered.

THERE ARE NO EXPRESS WARRANTIES EXCEPT AS LISTED ABOVE

PURCHASER ASSUMES ALL RISKS IN THE ASSEMBLY AND OPERATION OF THIS UNIT

FAILURE TO FOLLOW WARNINGS AND OPERATIONAL INSTRUCTIONS CONTAINED IN THIS MANUAL CAN RESULT IN SEVERE PROPERTY DAMAGE AND/OR PERSONAL INJURY

IN NO EVENT WILL WELL TRAVELED LIVING, OR ITS DIRECTORS, OFFICERS OR AGENTS BE LIABLE TO THE PURCHASER OR ANY THIRD PARTY, WHETHER IN CONTRACT, IN TORT, OR ON ANY OTHER BASIS, FOR ANY INDIRECT, SPECIAL, PUNITIVE, EXEMPLARY, CONSEQUENTIAL, OR INCIDENTAL LOSS, COST, OR DAMAGE ARISING OUT OF OR IN CONNECTION WITH THE SALE, MAINTENANCE, USE, OR INABILITY TO USE THE PRODUCT, EVEN IF WELL TRAVELED LIVING OR ITS DIRECTORS, OFFICERS OR AGENTS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSSES, COSTS OR DAMAGES, OR IF SUCH LOSSES, COSTS, OR DAMAGES ARE FORESEEABLE, IN NO EVENT WILL WELL TRAVELED LIVING, OR ITS OFFICERS, DIRECTORS, OR AGENTS BE LIABLE FOR ANY DIRECT LOSSES, COSTS OR DAMAGES THAT EXCEED THE PURCHASE PRICE OF THE PRODUCT.

SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO THE PURCHASER.

This limited warranty gives you specific legal rights and you may also have other rights which vary from jurisdiction to jurisdiction. The provisions of the United Nations Convention on Contracts for the Sale of Goods shall not apply to this limited warranty or the sale of products covered by this limited warranty.
