

12" x 20" WOOD LATHE

The latest addition to our line of JET® Woodturning Lathes is the model JWL-1220. This new 3/4HP lathe supports stock up to 12" in diameter and 20" in length. A built-in work light illuminates your work piece while turning and the spindle has a lock and indexing capability for fluting and veining applications. Integrated carry handles and a cord wrap are added for portability.

JWL-1220: 12" x 20" WOOD LATHE

- Heavy-duty cast-iron lathe bed adds stability while limiting vibration during operation
- Indexing mechanism which allows for fluting and veining operations
- Self-ejecting tailstock for safe and easy removal of tooling
- Cam-lock mechanisms allow adjustments of headstock, tailstock and tool rest base without having to use tools
- Hollow tailstock and removable tip on live center allows for hole boring through stock
- Convenient worklight allows better lighting right on the workpiece.
- 6" and 10" toolrests
- Storage tray
- Cord wrap integrated
- 3" face plate included

STOCK NUMBER	708376
Model Number	JWL-1220
Net Weight (lbs.):	98
Swing Over Bed (in.):	12
Swing Over Tool Rest Base (in.):	9-1/2
Distance Between Centers (in.):	20
Speeds (RPM):	Six, 500 to 3900
