## Features

- A Floor/Wall combination that emulates natural stone, but provides the ease of maintenance found in Glazed Ceramic Floor and Wall Tile.
- Available in three versatile colors: Bianco, Beige and Noce
- Moderate Shade Variation will complement any residential application.
- Floor Tile available in 18" x 18" and 13" x 13"
- Wall Tile available in 8" x 12"
- 3" x 13" Universal Decorative Border with a graphic leaf visual coordinates with all of the Field Tile colors and completes the product line.

## Trim Options

## Location

### INSTALLATION CAUTION:

Large format tile installation requires particular attention to proper substrate preparation, grout width sizing, trowel selection, and mortar coverage. It is critical that large format tile be installed on a level substrate. Additionally, there must be at least 90% mortar contact and a minimum grout width of 3/16". Refer to the published installation instructions prepared by your preferred manufacturer of setting materials for optimal tools and setting methods to achieve your desired result.
