A NEW SOURCE OF WARMTH AND AMBIANCE

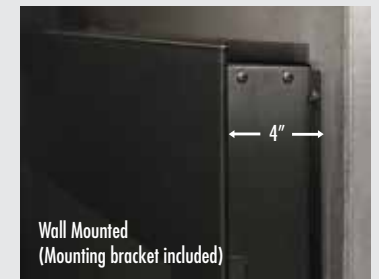

Slimmest Electric Fireplace in the industry! Napoleon's new Electric Slimline Series offer a clean, crisp contemporary design and the conveniences of simply hanging, plugging in and enjoying. Napoleon's Electric Slimline Series features an unmatched flame technology and realistic flame pattern, a generous glass front with wide black glass framing, a contemporary glass ember bed that complements the minimalist design and an LED light strip. All units can be recessed into a 2" x 4" wall for reduced protrusion into the room or surface mounted on the wall. A beautiful way to add ambiance and comfort to any room in the home.

Modern Linear Glass Ember bed

Recessed
(Can be recessed into a 2" x 4" wall)

Wall Mounted
(Mounting bracket included)

Remote Control

Touch Screen Controls
(EFC32H not included)

EFC32H | Convex Front Electric Fireplace

Hidden Touch Screen Controls

Touch screen controls allow you to adjust the fan, heat level, flame height and brightness. At the touch of your finger you can set the thermostat to a desired temperature, plus use the timer to control hours of operation.

A Space-Saving Convenience

Offering a wide variety of lengths ranging from 32" to 100", there is an electric fireplace for any room and all feature reliable energy-saving LED technology, unmatched flame technology and realistic flame patterns.

Heat from top

Napoleon's Electric Slimline fireplaces have been designed to heat from the top, allowing you the option of a recessed or wall mounted installation, without intruding on the look of the linear glass front.
