**Congratulations on the purchase
of your Brasstech product,
an excellent choice, that will give you
years of quality service and enhance
the look and style of your home.**

Recommended Installation by a Professional Plumbing Contractor

Note: The use of petroleum base plumbers putty on our products will nullify the warranty. We recommend the use of clear silicone sealing materials. Recommended deck thru hole $\text{\O} 1.25''$ to $\text{\O} 1.38''$

INSTALLING FAUCET ON SINK (See Fig 1)

- Place the faucet inlet and mounting stud through escutcheon, o-ring, and mounting surface hole.
- Slide gasket and mounting crescent over mounting stud on underside of mounting surface and secure into place with mounting nut.

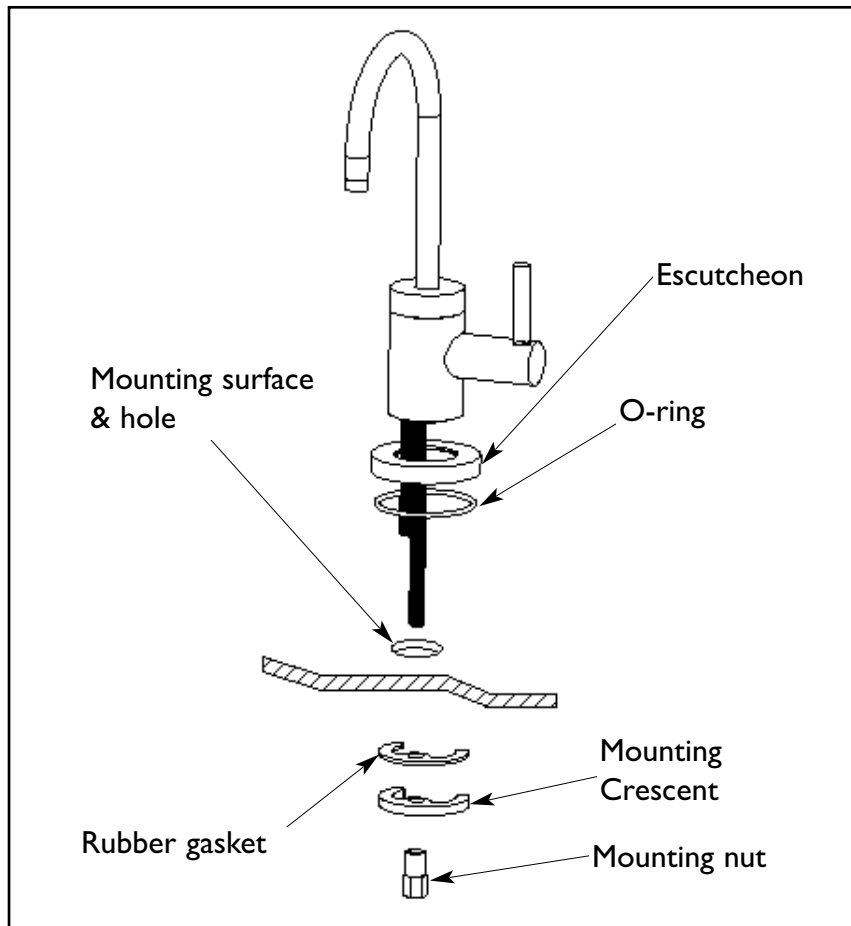

Figure 1

ATTACHING WATER SUPPLY CONNECTION (See Fig 2)

- Slide the 1/4" OD supply tube (not included) through compression nut and compression sleeve. Place insert into end of tube.
- Insert the end of tube into faucet inlet and thread compression nut onto the end of inlet.

Figure 2

3. TEST INSTALLED FAUCET

- With handle in OFF position, turn on water supplies and check all connections for leaks.
