VX475C Power Unit

Designed for smaller homes up to 4,000 square feet or budget minded consumers. This power unit features a specially designed 2-stage motor that delivers 475 air watts of power. It's the most powerful power unit in its class. The unique oval shape offers space saving advantages and efficient cyclonic filtration.

FEATURES:

- Internal sound suppression system makes it the quietest power unit in its class.
- Easy access door for easy cyclonic filter maintenance.
- Oversized debris pail handles make for quick and easy pail removal.
- Large four gallon debris pail typically needs emptying only every 6 months!
- Dual vacuum air intakes allow for connecting to the trunk line from the right side, left side or both.
- Six foot long power cord.
- UL Listed
- 2 Year Warranty
