PORCHER SOLUTIONS™

1-PC COMPACT ELONGATED WATER CLOSET

VITREOUS CHINA

IMPORTANT: Water supply on the wall is required at 3-3/4" or 9" from centerline of the toilet (see rough-in). First suggested position is hidden behind the toilet. The geometry of the toilet gives space for this installation. The second suggested position is next to the toilet. Between these two positions, the space for the supply between wall and toilet is limited to 3-1/4". In this case, check your supply and hose dimensions.

NOTES:

THIS TOILET IS DESIGNED TO ROUGH-IN AT A MINIMUM DIMENSION OF 12 (305MM) FROM FINISHED WALL TO C/L OF OUTLET. SUPPLIES NOT INCLUDED WITH FIXTURE AND MUST BE ORDERED SEPARATELY.
 ★ DIMENSIONS SHOWN FOR LOCATION OF SUPPLY ARE SUGGESTED.

IMPORTANT: Dimensions of fixtures are nominal and may vary within the range of tolerances established by applicable ASME standards. These measurements are subject to change or cancellation. No responsibility is assumed for use of superseded or voided pages.

WATER CLOSET HEIGHT OF 16-1/2" (419mm) IS IN COMPLIANCE WITH AMERICAN DISABILITIES ACT (ADA) GUIDELINES AND ANSI A117.1 REQUIREMENTS FOR THE PHYSICALLY CHALLENGED.

To Be Specified:

- Color:
- Trip Lever Finish:

Compliance Certifications:

- Meets or Exceeds ASME A112.19.2 / CSA B45.1
- Includes Flush Performance, Ball Pass Diameter, Trap Seal Depth and all Dimensions
