MLLWFHCR	Fairhaven™ sconce, chrome	<input type="checkbox"/>
MLLWFHBN	Fairhaven™ sconce, brushed nickel	<input type="checkbox"/>

Technical Information

Door opening angle	170°
--------------------	------

Installation Notes

Install this product according to the installation guide.

When determining the height of the mirrored cabinet, ensure the mirrored door will clear all obstacles, such as a faucet. A minimum clearance distance of 2" (5.1 cm) is required between the top of the faucet spout and the bottom of the cabinet crown molding and at least 1" (2.5 cm) clearance from the top of the cabinet crown molding to the ceiling.

Secure the screws (provided) to a stud to avoid possible property and product damage. If this is not possible, anchors (provided) must be inserted before installing the screws.

Cabinets project 7-1/8" (18.1 cm) from wall.
