Rated CEE Tier 3 & Most Efficient
MEF = 2.6
WCF = 3.8
199 kWh/yr

Ranked **“Highest in Customer Satisfaction with Clothes Washers”** by J.D. Power and Associates.*
(4 Consecutive Years)

SIGNATURE FEATURES

Samsung's Vibration Reduction Technology (VRT™)

Allows installation on second floors or near bedrooms because it provides smooth operation at spin speeds up to 1100 revolutions per minute, significantly reducing vibration and noise while improving handling of unbalanced loads.

Self-cleaning washer for the ultimate clean

PureCycle™ washers have a special cleaning cycle that runs hot water (rather than harsh chemicals) through the spinning drum, to remove dirt and detergent residue. Now your washer and your clothes will truly stay clean and fresh.

ENERGY STAR® certified to save power and money

ENERGY STAR® certification means this model helps the environment by using less energy, which means less money you spend on electricity. ENERGY STAR® is a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy promoting energy efficiency.

Available colors

Samsung Top Load Washer

INSTALLING YOUR WASHER

Alcove or closet installation

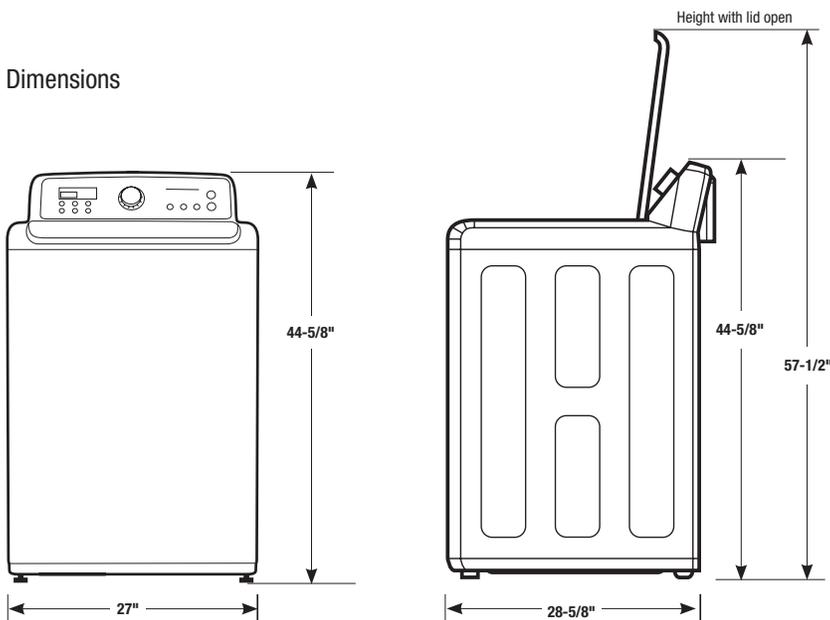

Minimum clearances for closets and alcoves:

- Sides – 1"
- Top – 21"
- Rear – 6"
- Closet Front – 2"

If the washer and dryer are installed together, the closet front must have at least a 72 in² (465 cm²) unobstructed air opening. Your washer alone does not require a specific air opening.

* Required spacing.
** External exhaust elbow requires additional space.

Dimensions

4.8 capacity (cu. ft./DOE)
