

Ulti-MATE Garage Flooring

Transforming Garages in a Snap!!

Ulti-MATE Garage Flooring provides high quality snap flooring to get your garage floor transformed in ultimate style in just a snap. Flooring made in easy to purchase case packs of fifty (50) to reduce excess tiles and cost – average two (2) car garage is 400 sq ft.

Ulti-MATE Garage Flooring comes in coin/circular top pattern in Alloy and Grey for infinite design options, extreme durability and functionality that garage enthusiast demand. For a total garage makeover, add our industry leading Ulti-MATE Garage storage cabinets and be the envy of your friends.

Product Features:

- Made of Solid Polypropylene for extreme durability
- Engineered to withstand the toughest mechanical environments and to handle extreme vehicle rolling load capacities.
- Resistant to oil, grease, petroleum products, antifreeze and most household chemicals.
- Designed to keep you and your vehicles up and away from dirt, mud debris, and flowing liquids.
- Installation is a snap, complete in a matter of hours. No tools required-simply snap together to form any size custom floor.
- UV stable and stain resistant.
- Can be used on any flat surface - indoors or outdoors.
- Easy to clean. Just hose off or mop it.
- Easy to walk unlike other flooring top patterns.
- Colors; Alloy and Black

Additional Product Information

EASY INSTALLATION (No Tools Required)

1) Place your first tile in the upper left hand corner while you are facing out the bay door with the loops facing out. Continue to lay tiles working across the front of the garage door and down the left side of the garage. Continue to lay the tiles across the garage, working your way to the back of the garage. Leave a minimum of a ¾" space from wall in case of extreme garage temperatures to prevent short term buckling.

2) Place the next panel so that the pegs line up over the loops. Gently Step on each panel. You will hear and feel it snap into place. Repeat these steps until your flooring is complete. That is all there is to it!

NOTE: All tiles on any given installation should **ALWAYS HAVE THE FEMALE LOOPS GOING IN THE SAME DIRECTION.**

CAUTION: If you inadvertently rotate a tile 90°, it will snap into place but you will not be able to complete the installation properly.

Product Details:

Ulti-MATE Garage Flooring Coin Top Design

Dimensions: 12 in W x 12 in D x .5 in H

Colors: Alloy and Black

Weight: Approx. 40 lbs per box of 50-12"x12" tiles

Rated Weight Capacity: 3,200 lbs. per sq inch

Rolling Load Capacity: 25,000 lbs.

Warranty: 10-Year Limited Warranty
