Assembly / Montage / Montaje

The mesh washer must be insert to protect the hand shower against incoming dirt by pipework. Incoming dirt leads to defects or/and can damage parts of the hand shower; such caused faults voids all liability and guarantee claims.

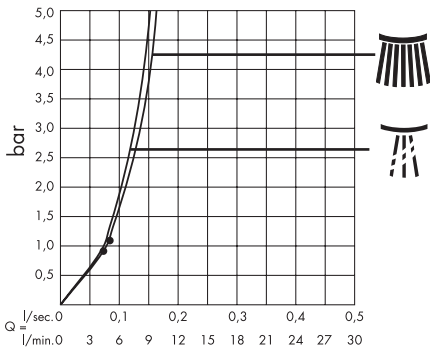

Le joint à filtre fourni avec la douchette à main doit être installé afin de retenir des impuretés du système de conduites. Ceux-ci pourraient influencer le fonctionnement de ce produit et même endommager des pièces mobiles. Des réclamations à la suite de l'usage de la douchette sans joint-tamis de hansgrohe ne peuvent pas faire partie de notre garantie.

La junta de filtración que se suministra con la teleducha evita que las partículas de suciedad procedentes de las tuberías lleguen a la teleducha. Debe colocarse entre el flexo y la teleducha. Infiltraciones de suciedad deterioran el funcionamiento de la teleducha y pueden causar daños en el interior de la misma que no están cubiertas por la garantía de Hansgrohe.
