Installation Notes

Install this product according to the installation guide.

Follow local building electrical codes.

A BLUETOOTH wireless device is required to stream music.

Choose an automatic compensating valve with the appropriate minimum flow rating to assure the safety performance of your valve at the lowest flow rates. For a showerhead or handshower that has a maximum flow rate of 2.5 gpm (9.5 lpm) and a minimum flow rate of 2.0 gpm (7.6 lpm), use an automatic compensating valve rated at 2.0 gpm (7.6 lpm) or less.
