Maintenance free, no lamp replacement needed

## Saves up to 80% energy

The LED lighting technology used in Philips luminaires is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every luminaire conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.
