Entertainment solution
and so much more.

Elegantly crafted work of art or practical media console? You can have both with the sophisticated and contemporary Charlotte fireplace. Light plays through the organic lattice that surrounds the firebox and gives the design its unique charm and character. Open glass shelves and center storage ensure that the function is as abundant as the sophisticated form.

Features

Multi-Fire XD™
The dazzling Multi-Fire XD™ can accurately reproduce a natural wood-burning fire, gas fireplace or a range of ambient light themes that range from moody and hypnotic, to pulsing and vibrant.

Media Bed Options
Choose from Realogs™, molded from meticulously selected firewood, charred and positioned against the back mirror, maximizing the illusion of depth and authentic burning firewood, or chunks of acrylic ice nested on an ember bed of tumbled glass pieces, giving an alluring and shimmering effect.

Customizable Flame Effect
Choose wood or gas-look flames, plus color effects

gWave™
The exclusive gWave™ feature brings the fireplace to life with the wave of a hand; customize the settings then simply wave it on and off.

Floating Display™
Floating on-screen LED display allows you to view temperature settings and functions easily.

Multi-function Remote
Control 100% of the fireplace features from the comfort of your chair.

ComfortSaver™ Heating System
The patented ComfortSaver™ ceramic heating system uses 11% less energy than the leading quartz infrared heater by automatically adjusting fan speed and heater wattage to safely and precisely match the requirements of the room.

ECO mode
Reduce consumption by 33% with this energy saving setting; limits heat output to 750W for maximum efficiency and quieter operation.

Heat Boost
Quickly warms a room by delivering maximum heat output for a pre-determined amount of time.

Fully Assembled
No assembly required. Just plug in and enjoy.
