Gas on Steel Cooktop 36" 5 Burner, Flush Fit (LPG)

Series 9 | Contemporary

This Fisher & Paykel 36" gas on steel cooktop with five burners is designed to integrate perfectly with your kitchen.

Stainless Steel

Dimensions

Depth	20 7/8"
Height	3 1/16"
Width	35 1/2"

Features & Benefits

Fits flush

This Gas Cooktop's burners are recessed into the work surface leaving the trivets flush and providing an integrated kitchen bench with a seamless look.

Clever cooking results

The consistent flame and heat distribution of the dual flame wok burner combined with the highly responsive dials offer precise heat adjustment that can perfect a slow simmer for sauces or an intense heat for searing steaks.

Designed to match

The brushed stainless steel has been designed for durability but also provides a modern, stylish finish, matching the Fisher & Paykel family of kitchen appliances.

Safe and sound

Intuitive dials glow red for on and white for off, showing from a distance which burners are lit. The Auto-reignite system means you don't have to hold down a dial while burners ignite – if a burner goes out it is automatically relit at the original flame setting.

Easy cleaning

The stainless steel component is easily accessible and quick to clean. Cast iron trivets provide a durable and stable cooking platform. Their rubber feet prevent them from scratching the cooktop.

Handy accessories

This cooktop comes with a small pan support and wok stand to complement different cooking styles.

Specifications
