

INSTALLATION INSTRUCTIONS

1. BEFORE YOU BEGIN

TOOLS AND MATERIALS REQUIRED

- Phillips screwdriver

2. INSTALLATION

Press the spline adapter about halfway onto the valve stem.

Partially install the handle to the spline adapter, and check the alignment of the handle. For further alignment, remove the handle, and reposition the spline adapter on the valve stem until the handle alignment is correct.

For color-coded button cap: Secure the red (hot) or blue (cold) button cap and handle with the screw provided.

For finish-matched button cap: Secure the handle with the screw provided. Snap the red or blue button cap into the top of the handle.

Repeat for the other handle.
