

INSTALLATION INSTRUCTIONS

TOP MOUNT TANK LEVER

MODEL No's: 501-1 and 501-2

NEWPORT BRASS

Flawless Beauty. From Faucet to Finish.™

Installation Instructions:

1. Remove old tank lever.
2. Insert the **Lift Rod** into the hole in center of **Tank Lid**.
3. Secure into place with **Washer** and **Nut**.
 - For **one piece toilet installation**, the lower end of **Lift Rod** should point toward the front of the Tank.
 - For **2 piece toilet installation**, align the **Lift Rod** as shown.
4. Hand tighten the **Nut**, then wrench tighten an additional 1/4 turn.
5. Place **Tank Lid** onto **Tank**, lift **Tank Lid** enough to attach flapper chain through appropriate hole in **Lift Rod**. Re-set **Tank Lid**.
6. Flush toilet several times to ensure proper operation. Adjust chain length as needed to allow proper lever operation with **Tank Lid** on.
