91372-148 - Chamberlain Wall Light, 120v

Collections: Cypress-Unique (Primary)
 Chamberlain Series

Copper Construction

Designed to eliminate the glare associated with glass porch light fixtures, the Chamberlain series directs light output in an up/down beam spread. The copper body construction makes these fixtures durable and efficient. Advanced applications include mounting a horizontal series of Chamberlains to create a beautiful pattern of light. Available in a variety of sizes, these wall sconce fixtures are the perfect addition to any lighting portrait.

Pre-Greased Beryllium Copper Socket

Surface Mounted

Includes Frosted Lens

IMPORTANT FINISH NOTE: True to one of its most special and sought after effects, our natural copper will, over time, take on a beautiful natural patina with shades of blue & green highlights.

Use of other manufacturers' components and power management system materials will void warranty, listing, and present a possible safety hazard. Please use caution when specifying lamps by selecting the proper voltage, base type, and wattage lamp when designing and installing any lighting system.

UPC #: 785652146237

Product Type: Landscape Light

Finish: Natural Copper (148)

Features:

15 Year Warranty

Dimensions:

Width: 6 1/16"

Extends: 3 9/16"

Height: 9"

Wire: 6"

Mounting Proc.: Other

Bulbs:

1 - Medium A-19 60w max 120v - Not included

Material List:

1 Construction - Solid Copper - Natural Copper

Safety Listing:

cETL Listed for Wet Locations
