

OFTH Twin PAR Holder

Focused Illumination for Outdoor Use

The OFTH Twin PAR Holder offers focused illumination making it perfect for residential and light commercial applications. Whether you are lighting up walkways, patios, or play areas, the OFTH has got you covered.

Featuring tool-free adjustable heads, the OFTH Twin PAR Holder allows for up/down and side-to-side aiming. This means you can focus light in two directions, making it an ideal choice for corner mounting on structures. Designed with user convenience in mind, the OFTH Twin PAR Holder can be easily mounted to a junction box for wall or eave mounting.

Constructed with die-cast aluminum, the OFTH Twin PAR Holder is designed to withstand the elements. It comes with a gasket-included canopy and socket holders, ensuring weather and rust resistance for long-lasting performance.
