Temperature Range

Temperature	Low: 35 °F	High: 50 °F
-------------	------------	-------------

PRODUCT FEATURES

Erase Cleaning Exhaustion

Streaks, smudges and glaring fingerprints are kept at bay with unique smudge-resistant stainless steel technology. This premium finish allows you to enjoy the beauty and sophistication of true stainless steel without the usual upkeep and effort.

Cutting-Edge Temperature Management System

Superior fan-forced cooling removes the risks of inner climate fluctuations and inconsistencies, while the advanced airflow system efficiently dissipates heat to considerably improve the longevity of the cooling system.

Prevent Perishing Foods

This alarm system works to protect all of your edibles from going bad. The alert will gently sound if the door is not securely closed and the audible temperature controls will announce the exact degree level they detect, so you can always be sure your goods are stored in safe and proper conditions.

*Where some see room for an appliance;
We see room for an experience*
